

Little Treasures Learning Center

**is proud to be a
Keystone STAR 3
program!**

Our children are our greatest resource; we need to make sure we give them the opportunity to learn so they can reach their promise.

Little Treasures Learning Center is a Keystone STAR 3 program because we believe that quality early education is key to our children's future success in school and in life.

Keystone STARS is a state-funded voluntary program that promotes quality in child care, PA Pre-K Counts and Head Start programs. Programs earn a STAR 1 to STAR 4 rating based on quality standards for teachers, classrooms, and program management. As programs meet higher standards, they earn more STARS.

Through Keystone STARS, programs can provide new learning materials, books and toys for children, and help teachers get more education and college degrees to provide a better education for our young children, without significantly higher costs to families.

For more information on Keystone STARS, visit the Pennsylvania's Promise for Children website at: www.papromiseforchildren.com OR www.paykeys.org

**Because every child is
Pennsylvania's future!**
